

Design and Technology Information:

For this Big Idea, our host subject will be Design and Technology.

As part of the curriculum, the children are asked to select and use a wide range of materials to make a product.

Enquiry Questions:

How are materials chosen for different houses around the world?

Which materials are the most important?

Which materials would be suitable?

Science Information:

In some of our lessons we will also be looking at Science. We will be discussing the different properties of materials to help us select the best ones for our product.

Knowledge Vocabulary:

Materials
Properties
Model
Suitable

Optional home learning activities:

Task 1: Perform a circus trick to your family or friends.

Task 2: Design your own Circus costume for a magician, acrobat or clown!

Task 3: Learn a new skill that you could share to the class.

Computing Information:

Over the next couple of weeks, we will be using our computing skills to navigate websites and practise some typing skills.

Global / Languages

We will also be teaching the children different greetings from around the world. Please feel free to ask your child to help share their knowledge with you!
