

Summer 2 Big Idea *Organiser*

Guiding Question 'How can we protect our coasts?'

School House Summer 2

Geography Key Information:

For our Summer 2 Big Idea, our host subject will be Geography.

We will be focusing on place knowledge, comparing seaside towns with cities in non-european cities.

Additionally, we will be learning more about the physical and human features of seaside towns.

Science Key Information:

During this Big Idea, we will also be learning all about states of matter and how climate change can affect our coasts.

Additionally, we will be learning all about the water cycle.

Enquiry questions:

What is the coast?

Where is the coast?

Who lives at the coast?

Who do we need to protect?

Can we visit the coast?

Optional home learning activities:

Week 1: Can you find a picture of you at the seaside? We would love for you to bring it in for a seaside themed show and tell!

Week 2: Can you design your very own seaside shop? It could be a fossil, sweet or toyshop!

Week 3: Can you sketch an animal which lives near the coast?

Week 4: Can you create a poster for your favourite seaside town?

Week 5: Can you create your own little mini beach? It could be in a shoebox or a small pack up box.

Please check our weekly newsletter for any upcoming key dates!

Art Key Information:

The children will be sketching their very own farms and using watercolours to learn more about complementary and contrasting colours. We will also be moulding our own farm animals out of clay.

Knowledge Vocabulary:

Coast Climate Change Cliffs
States of Matter Seaside Town
